Bibliography: Minority Personnel–Supply and Demand

This partial bibliography lists publications that contain:

- Data on the supply of and demand for personnel from minority groups in special education, general education, and higher education.
- Information on trends concerning minority personnel in the teaching force.
- Demographic data that may influence the supply of and demand for personnel from minority groups in education in the future.

A separate list of readings is available on the impact of teacher testing on members of minority groups and on their access to positions in the teaching profession.
